Ten Tips on Bidding in J & J Medal Sales

1. Examine the entire catalog a minimum of *three* times.
2. Mark the lots each time, or make a separate list of the lots which interests you.
3. For the lots you want the most, bid the absolute *highest amount you would pay*. Do not place yourself in the position of having to say after the auction "If I had only bid $1 or $10 more I would have won that lot!" Most lots that are lost could have been won by one—or at the most two—more advances. If you "bid liberally" you can win the lots you really want.

   Note: In most instances you will receive the lot for less than this highest amount—depending upon competitive bidding. If you *really* want a particular lot, feel free to bid as much as double, triple, or more, of top estimate to get the lot. What you will actually pay will depend upon *competitive bidding*—what others are willing to pay and what they bid.
4. For less expensive lots—say under $20—you may bid in odd-cent amounts if you wish (odd-cent bids win over even-dollar bids, as $10.44 beats $10.00).
5. Then go through your selected lots again and bid on those you would buy if the price were right. Ask yourself "Would I buy this at low estimate, or below?" Remember, some lots don't get adequate bids—you could pick up a bargain this way. Bid a price you would actually pay.
6. Finally go through the entire catalog again to see if you missed anything you really want.
7. Then total your bids. Very few bidders get everything they bid on. But don't bid over your budget, or your ability to pay for any or all on which you bid.
8. Consider checking the "Increase boxes" on the bid sheet ("Increase my bid by ____%.")—if you can afford it. This is a technique for advancing your mail bids as if you were bidding on the floor in competition with other bidders in the auction room. It will only be used if necessary.
9. Fill out the bid sheet. Be careful with your figures! More errors are made in this step than in any other. Remember—you are responsible for every bid on that sheet *even if it is on the wrong lot, or the wrong amount!* The auctioneer must act on the bid sheet; if you give him wrong figures it is not his fault. Double check your bid sheet.
10. *Mail early.* In every auction tie bids are awarded to the earliest received.

Franklin Mint Medals
A NEW POLICY

Heretofor J&J has not accepted post-bicentennial era medal collections for auction; this included those struck by Franklin Mint and other private mints. The few of these which did appear in our auction sales have come in with large collections impractical to break up. These few lots have been well received by our collector-bidders and have sold as well as other topical metals.

We would like to liberalize our policy in accepting these, but because of the large quantity of these medals often on the secondary market, we cannot accept all in unrestrained quantity. Therefore, our new policy will be:

Johnson & Jensen will accept private mint medals of collector interest, including those of the Franklin Mint, provided that at least half the consignment—either in number of pieces, or total value—consists of pre-1970 medals.

In effect we do not want our sales of the future to be all of modern medals. Also this is a suggestion to collectors to build *balanced collecitons* of early medallic art along with modern medals if they have these. Thus, the ultimate sale or disposition of a collection would be greatly facilitated.

VIEWING THE LOTS

There will be no public viewing of these lots for mail bids. Lots may be inspected in our offices in Danbury by appointment only. Call (203) 744-0851 for appointment.

BID LIBERALLY!

You may bid the highest amount you want to pay; or you may have your bids increased — when necessary — by checking a box on the bid sheet.

Bids are reduced whenever possible as competitive bidding allows (as the next advance over the second highest bid).

DELIVERY OF THE LOTS

All lots will be shipped to successful bidders from Danbury following payment and a charge will be made for delivery.

TERMS OF SALE

(1) Bids are by mail only. Send bids to P. O. Box 1085, Danbury, Connecticut 06810. Late bids may be phoned (203) 744-0851; but must be confirmed by mail.

(2) There is no charge for executing bids.

(3) The auctioneer reserves the right to accept or reject any bid or withdraw any lot.

(4) No bids accepted from minors.

(5) No "buy" or "unlimited" bids accepted.

(6) Successful bidders will be required to pay full amount before lots are delivered. Title does not pass until all lots are paid for in full.

(7) Our terms are strictly cash. Payment must be made immediately upon receipt of invoice. Auction sales are not approval sales. Successful bidders must assume responsibility for paying lots they win.

(8) Connecticut residents will be required to pay Connecticut sales tax unless appropriate resale number is on file on our offices.

(9) Delivery costs will be added to all invoices of successful bidders on all lots not picked up immediately after auction sale.

(10) Mail bidders must ask permission to return any lots within five days after their receipt.

Alumni, College and University Medals

American educational institutions have long issued medals in a continuing heritage that extends back to Benjamin Franklin (and his famed Boston School Medals). As the number of schools and colleges grew, so did their medallic issues; and we find scholarship recognition, anniversaries and donor medals issued over the years. More recently, a trend has been to recognize trustees and to stimulate fund-raising by medallic art.

For numismatists, education as a collecting topic represents one of the most overlooked, and perhaps, undervalued collecting situtations today. So we have brought together a large number of educational medals for this auction. Many famous names are found here, both in the institutions and the artists who created the medals. (Often universities had artists from their own art staffs prepare their medals, like Smith's Leonard Baskin.) The variety, the originality and the fresh styles make this a delightful medallic series. If you are looking for a new topic to collect, consider educational medals.
